Bosch TCE 4400 and TCE 4405
A new standard in professional tire changing
TCE 4400 and TCE 4405
Maximum performance

TCE 4400 and TCE 4405 are pneumatic tilting back pole passenger car tyre changers.

They are equipped with a 20" (external clamping) round turntable, pneumatic locking of the tool and pneumatic bead breaker.

Assembled with the TCE 330 helper system with ensures safe and easy mounting and demounting operation of any kind of tyres, even the most difficult UHP or RFT.

TCE 4400 and TCE 4405 is the right equipment to use without sacrificing performance and comfort.

TCE 4400 and TCE 4405 is especially designed for medium volume workshops.

Key features
Longevity and Rigidity
New G-frame concept, new design of jaws and turntable.

Flexibility
Possibility to work with any kind of car, light commercial vehicle and motorcycle (with special accessory kit) wheels: max wheel diameter 1000 mm and max wheel width 11”.

Safe
Plastic pole protection with integrated holders for tools and valves.

Easy and speedy to use
► New “worldwide standard” positioning of the control pedal in order to avoid misuse or error by using other similar products
► Provided with inflating system controlled by gun equipped with scale manometer bar/psi
► Tubeless inflating system directly mounted in the turntable jaw and controlled by side pedal allowing a stronger air flow (only for TCE 4405 models)
► Bead breaker pad shape designed in order to avoid any scratch on the rim
► Lubricant bucket holder (adjustable for every bucket size and position)
► TCE 330, 2 independent pressing points helper arm (S40, S43, S44, S45, S47). A 3rd pressing point is available as accessory.

**Scope of delivery**
- 1x Bead lever
- 1x Jaws plastic protection kit*
- 5x Tongue protection for demounting head*
- 1x Wing side protection for demounting head*
- 1x Bead breaker plastic protection*
- 1x TCE 330*
- 1x Lubricant brush

* S40, S43, S44, S45, S47

**Range of application**
- **Main connections**
  - 3 Ph – 400 V 50 – 60 Hz
  - 1 Ph – 230 V 50 Hz
  - 1 Ph – 110 V 60 Hz
- **Outside rim clamping**
  - 10” – 20”
- **Inside rim clamping**
  - 12” – 23”
- **Rim width**
  - 3” – 11”
- **Max. wheel diameter**
  - 1000 mm
- **Bead breaker range**
  - 65 – 300 mm
- **Air connection**
  - 8 – 10 bar
- **Speed of rotation**
  - 7,5 rpm
- **Dimensions (H x D x W)**
  - 1785 x 1200 x 1660 mm
- **Net weight**
  - 223 kg
What drives you, drives us.

Technology from Bosch is used in practically every vehicle in the world. For us, the focus is on people and helping them to stay mobile.

We have been dedicated to people for more than 125 years with our pioneering spirit, research, production and expertise.

Our dedication is an unwaivering commitment to providing them with a unique combination of parts, diagnostics, workshop equipment and services:

- state-of-the-art solutions for efficient vehicle repairs
- innovative workshop equipment and software – also available on favorable lease terms
- the world’s largest range of new and remanufactured spare parts
- fast, reliable delivery service
- expert customer care via our hotline
- extensive range of training courses
- specific sales and marketing support
- plus many other services

Bosch products and services
